

## Algal Biomass Summit 2013: ATP<sup>3</sup> Booth Forums

*Come chat with our research partners!*

ATP<sup>3</sup> serves as a learning environment for the next generation of scientists, engineers, and business leaders to help accelerate the research and development of algae-based technologies. Our open test bed and evaluation facilities are a hub for research and commercialization of algae-based biofuels and other biomass co-products.

Pick a topic. Stop by the booth. **Start a conversation.**

### Day 1: Tuesday, October 1

Time	Discussion Topic	Scientist(s)
10:15-10:45 am	Education & Training	Jerry Brand Schonna Manning Milt Sommerfeld Tom Dempster
1:00-1:30 pm	Open Testbeds	John McGowen Tom Dempster Bill Brandt
4:00-4:30 pm	High Impact Data	John McGowen Xuemei Bai Phil Pienkos
6:15-6:45 pm	ATP <sup>3</sup> Support Program	John McGowen

Key: ATP<sup>3</sup> Affiliation

ASU LightWorks

AzCATI

Cellana

NREL

UTEX
